

Chilling Out

Introduction

We all need to learn not to jump to conclusions just as LOU and STU, two cool video-game-playing dudes aptly demonstrate.

- 1 LOU: Hey man, you got the Coke?
- 2 STU: You know it, dude.
- 3 LOU: Well, where is it?
- 4 STU: It's in my car.
- 5 LOU: You left it in your car? You idiot. The heat will trash it,
- 6 dude.
- 7 STU: Nah, it's not going to hurt it.
- 8 LOU: Not hurt you maybe. Let's go get it.
- 9 STU: Can't. My parents are gone in the car.
- 10 LOU: You left the Coke out, man, where your parents could
- 11 find it?
- 12 STU: Yeah, it's no big thing. They dig it, too.
- 13 LOU: You're kidding? I thought they'd be all into beer and
- 14 wine.
- 15 STU: Nah. They like Coke.
- 16 LOU: Dude, that's awesome. My folks don't do Coke at all.
- 17 STU: Well, you should turn them onto it.
- 18 LOU: Yeah. Yeah, maybe I should.
- 19 STU: Hey, I think I just heard the car drive up.
- 20 LOU: We gonna be able to get the Coke anytime soon, you
- 21 think?
- 22 STU: Sure. As soon as they're in the house. We'll go get it.
- 23 LOU: You got any ice? If those Cokes have been in the car
- 24 all day, they're going to be hot and I hate drinking hot
- 25 pop.

- 1 STU: Yeah, me too. In the freezer: ice cream! I think I'm
- 2 gonna have a float. You wanna float?
- 3 LOU: Oh, dude, that sounds awesome.
